

POLICIES FOR FSC WEB TEAM PAGES

These policies apply to all FSC team pages regardless of hosted location.

1. Information displayed on team pages must be separated into private and public access areas.
2. Access to private information areas must be password protected.
3. Access to public information areas is open to any Internet user.
4. Private information is defined as player rosters, player photos/photo albums, player email addresses and other personal information.
5. Public information is defined as any information not stipulated as private.
6. No private information may be displayed on the team home page.
7. The team home page may contain a team picture but players' names are not to be listed with the picture.
